

Axial toolholder - form C4 overhead left C4 - 50 x 32

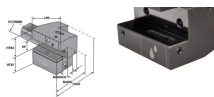

199,00 € *

* Prices excl. legal value added tax plus shipping costs

Brand: Kemmler GmbH

Order no.: 509.44.32.IK

Application:

Mainly for external machining. For face machining.

Precision coolant supply: Improves chip evacuation and decreases the risk for chip jamming, critical factors for successful deep face grooving operations. Effective from low to high coolant pressures. With high precision coolant you get improved chip breaking, longer tool life, better process security and productivity. Improves chip evacuation and decreases the risk for chip jamming, critical factors for successful deep face grooving operations. Effective from low to high coolant pressures.
